Dear Eliseo,

Many months ago, a call came to Jim asking for a specific mural slide for a catalogue that was being developed for "Made in California - 100 Years of Art in California." The show will open in October, occupy two buildings and may well be the biggest show ever mounted by the LA County Museum of Art. The century is divided into twenty year segments and each has a theme. Agriculture, the golden age of Hollywood, the turbulent sixties, etc. The exhibit speaks to these themes and therefore is not just featuring the so-called "major artists".

When Jim asked the curator of the 1980 to 2000 segment what she was doing to include public art, the answer was nothing. Feeling that murals definitely needed to be included, Jim asked if he could travel to LA at his own expense and make a half-hour presentation to the group. The meeting took place. The curators were enthusiastic with what they saw and agreed to include in the show a CD-ROM projection of 50-80 murals. It was agreed that one of their team would go through **Paintings the Towns: Murals of California**, other mural books and general mural information and make an initial selection. Robin and Jim would then suggest other murals that they felt were important and a final selection would be made from the 1980 to 2000 time frame.

We are pleased to tell you that the following mural credited to you will be included in the show: **Gintong Kasaysayan, Gintong Pamana (A Glorious History, A Golden Legacy)**.

Please sign this letter as a release to include your mural in the show. If we don't hear from you by May 15, 2000, we will presume we have your acceptance. Therefore, it is important that you advise us if YOU DO NOT WANT TO BE INCLUDED. Please be prompt in responding.

As a thank you, each artist will receive a copy of **Painting the Towns**.

Regards,

*Jim and Robin*
